

The African IXP Association

What is AFIX?

The African IXP Association (AFIX) is a group of Internet exchange point operators from across Africa, brought together by a shared need to coordinate and exchange knowledge.

AFIX aims to foster an enabling environment for IXPs, help them maximize their value, improve connectivity within the continent, and increase the Internet's value for all.

What is AFIX?

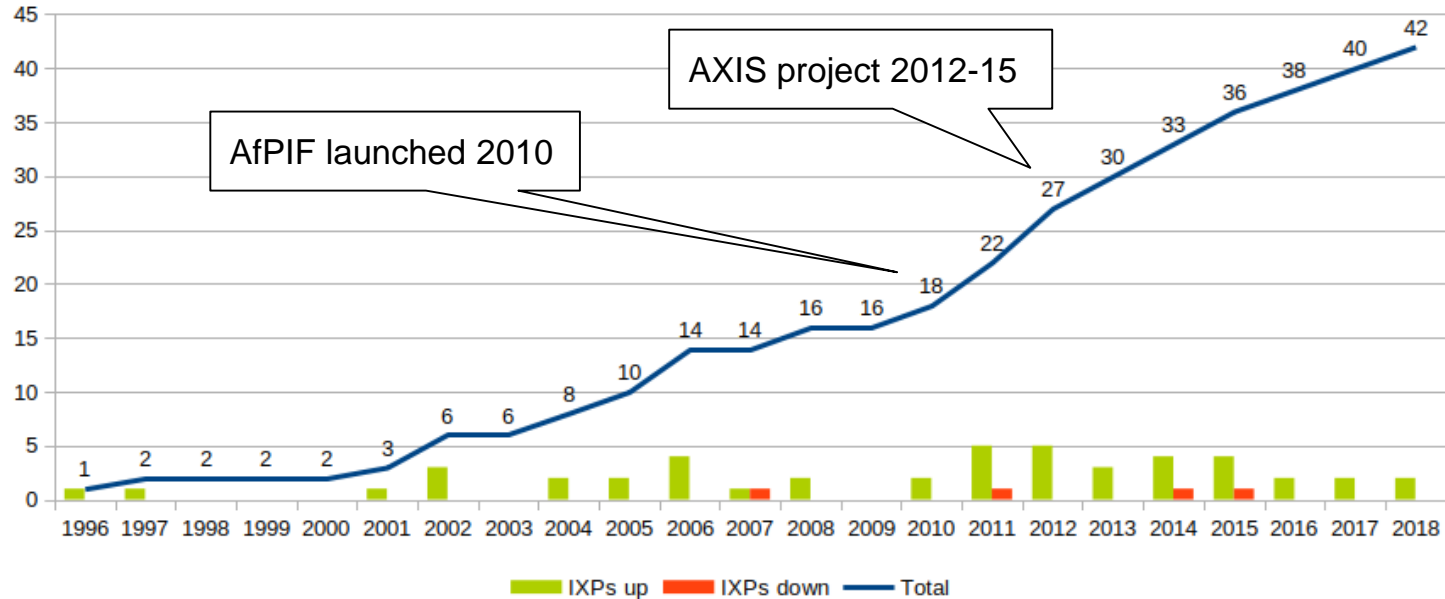

- Launched in 2012 at AfPIF in Johannesburg
 - Member of the Internet eXchange Federation (IX-F) since 2014
- Currently 42 IXPs in 30 countries out of 55 (AU)
 - Oldest: JINX (1996)
 - New: Togo, Cameroon, Zanzibar
- We host bi-annual meetings at AIS and AfPIF
- We host a private mailing list for IXP operators
- We research and publish data about our region
- We host a website with useful information
 - URL: <http://www.af-ix.net>

Growth in Africa

African IXPs: Total Number of Active IXPs by Year

Governance Models

African IXPs: Governing Entity Types

Source: African IXP Association (2018)

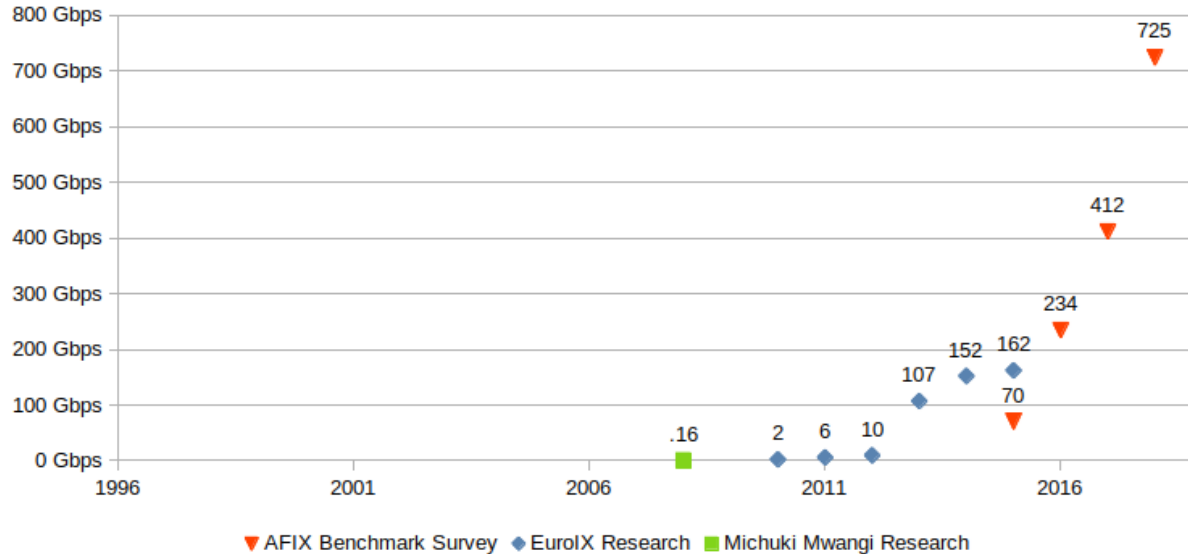

Traffic

African IXPs: Aggregate Regional Peak Traffic

Source: African IXP Association (2018)

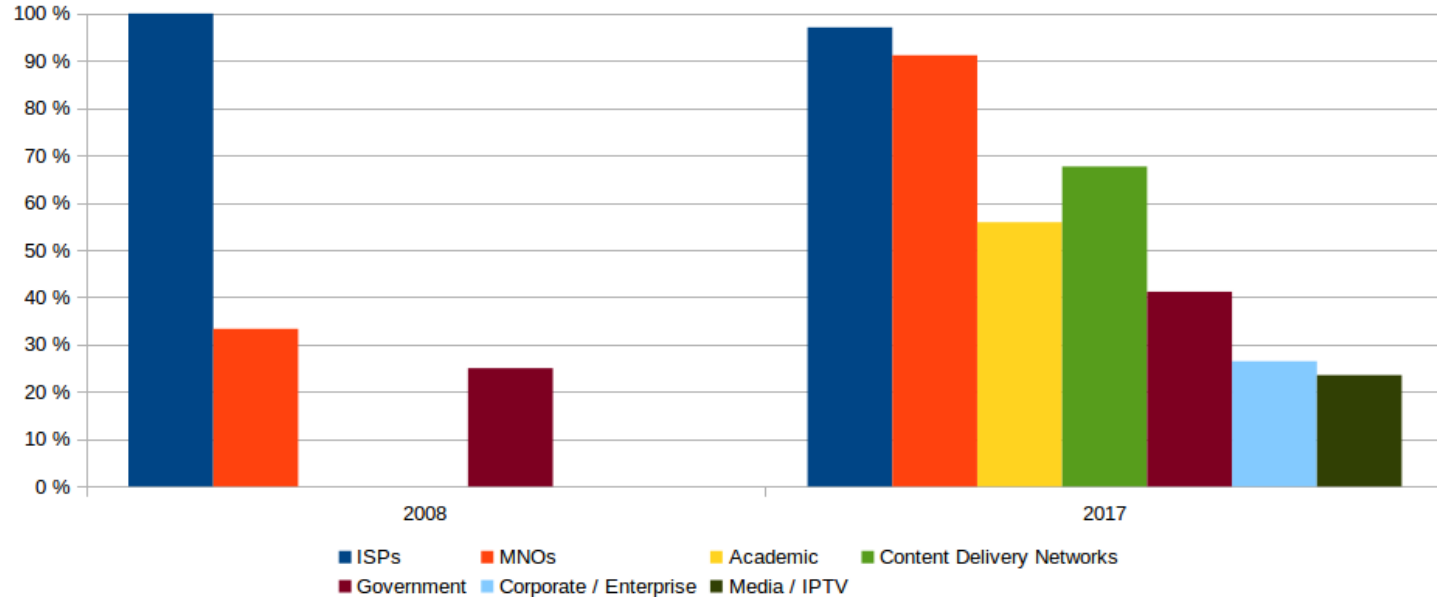

- No traffic data-sets are fully comprehensive
- Not all IXPs have and/or publish traffic statistics
- Inconsistent accounting of peak traffic statistics (e.g. monthly vs. daily)
- Some IXPs carry significant transit traffic

Network Diversity

African IXPs: Percentage of IXPs by Connected Network Types

Facilities

African IXPs: Facility Amenities

Data from 34/40 IXPs / Source: African IXP Association (2017)

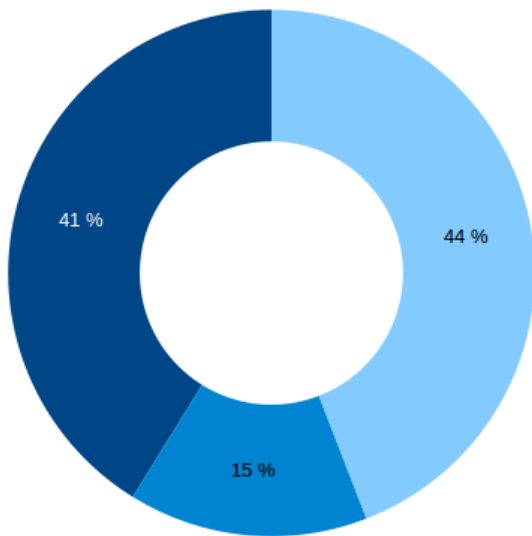

- The quality of IXP facilities has greatly improved in a relatively short period of time
- IXPs in carrier neutral DCs had the best amenities on average
- **Reality: YMMV**

Staffing

African IXPs: Full or Part-time Staff

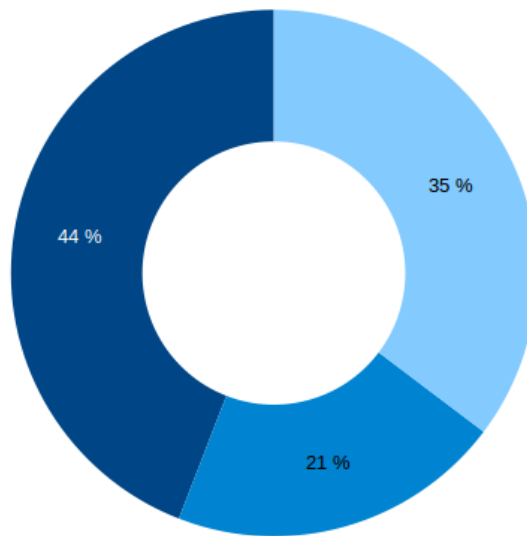

Data from 34/40 IXPs / Source: African IXP Association (2017)

■ Full-time staff only ■ Both ■ Part-time staff only

African IXPs: Paid or Volunteer Staff

Data from 34/40 IXPs / Source: African IXP Association (2017)

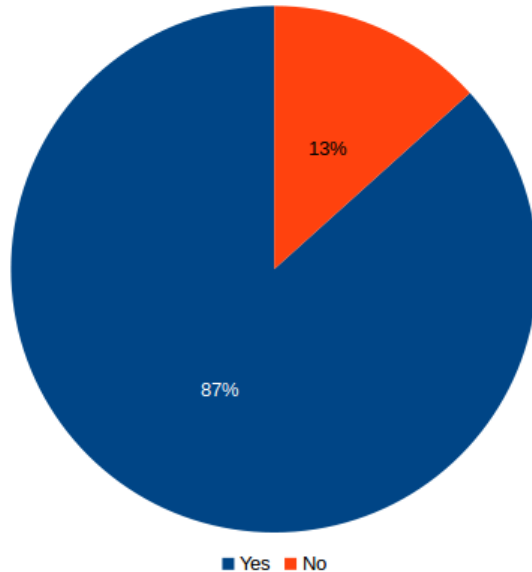

■ Paid staff only ■ Both ■ Volunteer staff only

Contracts and Fees

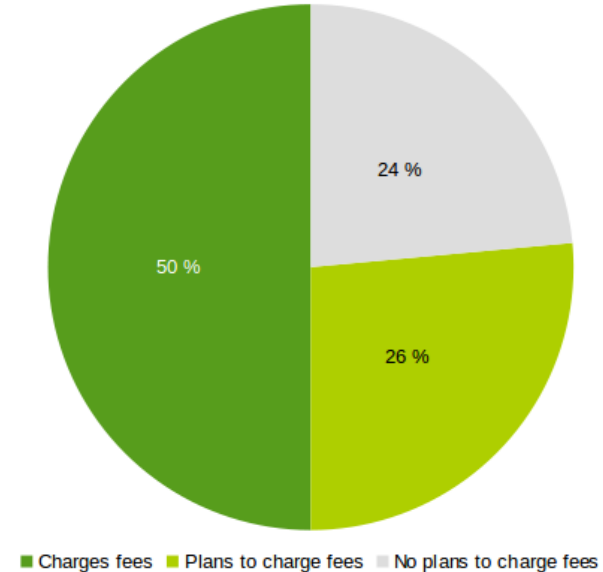

African IXPs: Formal Contract Required to Join?
